Announcement

The Shorthorn breed is proud to present the cattle listed in its annual auction at the 40th International Live Stock Show. High-class individuals from the top herds of the United States and Canada are presented. These useful young cattle are ready to go places for their buyers.

This is an opportune time to obtain new blood and for new breeders to start. The outlook for beef cattle never was better. Shorthorns fill the bill under farm conditions and the cattle consigned to this annual auction are the kind which will pave the way for an even greater appreciation of the breed throughout the nation.

Shorthorns have just closed an exceedingly satisfactory year. Business is definitely on the "up". More Shorthorns have been transferred during the past fiscal year than in any year for the past ten. More Shorthorn calves have been registered at the office of the American Shorthorn Breeders' Assn. in the year 1939 than in any year since 1933, the increase over last year amounting to slightly over 22%.

Breeders throughout the nation have sold bulls and heifers at very satisfactory prices. The public is discriminating and they will continue to be so. They want good well bred cattle. We believe the lots offered in this consignment conform to such qualifications and will prove to be worthy additions to herds whether old or new.

H. J. Gramlich, Secretary,
AMERICAN SHORTHORN BREEDERS'
ASSOCIATION.

Guarantee Approved by American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls sold as separate lots are guaranteed breeders, provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. Cows with own calves under four months of age by side are considered proven breeders. All other cows and heifers are guaranteed breeders, except that calves sold by side of the dam as one lot and heifers under 16 months of age at the time of sale are not guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows and heifers bred for more than three months, according to the service date furnished at the time of sale, but not proving in calf, must be reported to the seller within three months after date of sale; all others served within three months prior to the date of sale, not settled or proving to be in calf must be reported within six months. Females over 16 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. Any animal not proving up to the foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, but the seller may, if he desires, have the animal returned for a retrial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, the purchaser shall be given the option of having the purchase price refunded without interest, or of accepting a substitute as stipulated above. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply upon any animal later substituted.
5. All animals are sold subject to a 60-day retest for tuberculosis, or to comply with the laws regulating tuberculosis of the State or Country into which they may be shipped. Animals shall be segregated from the buyer's herd until the retest is made except the herd be a Federal Accredited one. All tests for tuberculosis, either test before sale or retest, shall be made by a Federal or State Veterinarian, or veterinarian deputized by the State Veterinarian, who is co-operating with Federal Veterinarian and qualified to do accredited herd testing. Purchase price to be promptly refunded upon proof of reaction, except that the purchaser shall agree to accept a substitute. Blood test will be made when it is required by the destination State or Country.
6. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale and without trouble to the purchaser, but at his risk of loss or injury after being bid off.
7. **TERMS:** Cash, except other arrangements are made with the consignors before the sale. All settlements to be made with the representatives of the American Shorthorn Breeders' Association immediately after the close of the sale, but it shall be expressly understood that said Association assumes no liability, legal or otherwise, and that the above guarantee and terms shall constitute a contract between the consignor and purchaser of each lot.

The footnotes as printed have been supplied by the sellers.
